VOL. XXXIII

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIF., FRIDAY, AUGUST 14, 1925

NUMBER 33

Peninsula Train Service Improved

September 5 will see the inauguration of a new and more extensive service down the peninsula from San Francisco over the Southern Pacific, with fast, non-stop trains added to the present schedule and the whole service greatly augmented.

A new block system, which will materially reduce the length of each block, with shorter headway between trains and more speed "with safety," is the basis of the new arrangement, as has been announced by Vice-President Paul Shoup.

Three new trains south and one northward are involved in the plan, which contemplates virtually an hourly service between San Francisco and San Jose. In some instances the running time on local trains will be cut as much as twenty minutes for the trip.

A summary of the tentative schedule follows:

Leaving San Francisco 4:10 p. m.; arrive San Jose 5:15 p. m.

Stopping only at Redwood City and Palo Alto, this will give direct, non-stop service between San Francisco and Redwood City and 45-minute service to Palo Alto, with only one intervening stop.

Leaving San Francisco 5:14 p. m.; arrive San Jose 6:24 p. m.

This train will stop only at Palo Alto, Mountain View and Sunnyvale, giving direct service to Palo Alto and lowering the time to Mountain View and Sunnyvale.

Both the 4:10 and 5:14 trains are new and are planned to provide accommodations for the commuters living between Palo Alto and San Jose.

A new train has also been provided in the evening, to leave San Francisco at 9:45. This will provide a schedule of evening trains leaving at 7:30, 8:45, 9:45, 10:45 and 12:01. The present schedule contains a gap between 8:45 and 10:45.

Northbound are the following new, fast express trains to San Francisco from San Jose:

Leave San Jose 7:15 a. m.; arrive San Francisco 8:20 a. m.

This train will stop only at Palo Alto, will reach San Francisco at 8:20. The 7:15 at present is a local, which arrives in San Francisco at 8:40, showing a cut of twenty minutes under the new express service.

Leave San Jose 8:20 a. m.; arrive San Francisco 11:35 a. m.

Stopping only at Palo Alto and Redwood City, this train will replace the present 10:30, which arrives in San Francisco at 12:05, and will effect a saving of thirty minutes.

Leave San Jose 9:30 p. m.; arrive San Francisco 10:30 p. m.

This train will make the run in one hour and will travel throughout without a stop.

A new evening local will leave San Jose at 10:30 p. m., arriving in San Francisco at 11:55 p. m.

"Our study of conditions in other cities," said Shoup, "indicates that commuters of San Francisco will now enjoy a fast steam train service and low rates that are not excelled in any part of the country. As the traffic demands there will be further improvements than those indicated in the new schedule."

DANCE HALLS ARE BANNED

Public dances were dealt a death blow in San Carlos Monday night when the board of city trustees, guided by a petition bearing the signatures of seventy-five citizens, who requested that such dances be not allowed, voted to prohibit them. The motion was made by Trustee Scott, seconded by Trustee Cowgill. The vote was unanimous.

Action on the dance hall question came when the new tax ordinance for San Carlos was given a second reading. At the first reading the proposal to tax public dances \$10 per day was raised to \$50 per day on recommendation of Trustee Bryan.

Dances given by the school, clubs and other organizations for charitable purposes do not come within the ban.

NEW CIVIC CENTER FOR HILLSBOROUGH

Hillsborough's historic town hall, one of the oldest landmarks of this community as the one-time palatial residence of the Howard estate, is to make way for progress, according to the plan introduced before the Hillsborough board of trustees yesterday by Trustee Henry T. Scott.

On Trustee Scott's motion, a \$60,000 bond issue was initiated, which will provide funds to erect a new city hall, a city jail and two fire houses.

RAVE ON, McDUFF, RAVE ON!

As stated before in South San Francisco's leading newspaper, it is always the party that is hurt who whines and squeals. Our only comment upon this is in the words of the celebrated classic: "Rave on, McDuff, rave on!" In the meantime we just take the liberty of suggesting to advertisers that, as an investment, circulation that reaches the home and is paid for is the salient factor to any advertiser in a community newspaper.

WE CANNOT SEE THE LOGIC HERE

When an organization with an admitted potential monthly revenue of \$30 per month agrees to pay a secretary \$25 per month for that revenue each month, we fail to see how such an organization can function properly. Especially is this the case when the revised rules and by-laws of said organizations disqualify said secretary from being a member of the organization. Public spirit at \$25 per month appears to us to be a paying investment on the part of someone. Plans and specifications are not required for those conversant with the facts in this particular case.

Supervisors In Regular Session

Paying work on Wallbridge street in Vistacion was held up this week by the county board of supervisors following the presentation of a petition by property owners of the district asking that specifications for the road be changed.

Former specifications drawn up by County Engineer George A. Kneese had been adopted. Bids were advertised for and opened, ready for determination, when Vistacion property owners halted proceedings with their request that the type of pavement be changed.

Bids Rejected
Upon motion of Supervisor Rosalie M. Brown, seconded by Supervisor Thomas L. Hickey, all bids on file were rejected and the county engineer was instructed to draw up new plans in accordance with the desire of the petitioners. The resolution was adopted over the protest of one of the bidders for the work, who asserted that the contract should be awarded to him on his low bid.

Hospital Report Filed
Miss Genevieve Roberts, superintendent, reported that net operating expenses of the San Mateo county hospital have been \$7,956 for the month of July. It was shown that on July 1 there were 38 patients in the hospital and that there were 56 admissions, 59 discharges, four births and nine deaths during the month, leaving 35 under treatment on July 31.

The per capita cost per day was an average of \$6.14. There were 42 free patients, 10 paying and four part-paying patients during the month. The total cost of operating was \$8,577.97, and \$621.05 was received from paying patients.

Other Business
Reports were filed by the county recorder and tax collector and the auditor issued a statement of the revenue available.

County Clerk Elizabeth M. Kneese was instructed to address a letter to Constable S. A. Landini of Colma thanking him for his prompt action in causing vegetable and fruit stands to be removed from Junipero Serra boulevard. Claims on the county treasury were approved and ordered sent to the auditor for payment.

BUILDING PERMITS STILL CONTINUE

Building permits in San Bruno continue to pile up at every board of trustees' meeting. On Wednesday night building permits to the value of over \$35,000 were recorded, including ten new homes being built in the Huntington park district by Leonard & Holt of San Francisco. So far this year nearly one hundred new water connections have been made to new homes by the San Bruno municipal water works department.

GEORGE W. VALLERY

George W. Vallery is the new grand master of the Knights Templar, having been promoted to that office at the convocation in Seattle.

Plans for Float Are Progressing

At a meeting of the Jubilee float committee held in the Poodle Dog cafe on Monday plans were perfected for entering a float representative of South San Francisco in the great Diamond Jubilee pageant and parade on September 9.

Those present at the meeting were: Mayor McNellis, City Attorney Davis, representing the city; Mr. H. Cavassa, representing the merchants' association; Phil Thompson, representing the chamber of commerce; W. Miehle, representing the manufacturers; Mr. P. J. Shaw of the South San Francisco Land and Improvement company, and Secretary J. G. Walker of the manufacturers' association.

Mr. W. Miehle, who attended as proxy for Mr. E. Kardos of the Metal Thermit company, submitted a drawing suggested by Mr. Kardos for the float. Mr. Kardos has been requested, owing to his known ability in that line, to suggest some design. This drawing will be finished off in colors and then submitted to the entire committee.

At the meeting a sub-committee was appointed as follows: Messrs. Miehle, Thompson, Cavassa and Ambrose McSweeney. This sub-committee will secure figures from decorators and report back to the general committee.

Three Candidates Are Now in Field

The recall is an assured fact. Rumors from every angle conceivable have been in the air in the past week with regards to a compromise, but all such rumors have been found to be without foundation.

In other words, the recall will be carried through. It is stated that the petition already has sufficient names, making provisions for any doubt, to assure the election.

There are three candidates in the field to contest the three seats on the board which are mentioned in the recall petition. These three men are well known and highly respected citizens of South San Francisco and are contesting the election without having made any promises to any particular faction or clique. The three candidates are: Rodney Tibbets, Reese Loyd and M. Minucciani.

Registration is under way and at the city hall up to Wednesday thirteen have registered, while at the office of Mr. Cunningham over twenty-five have registered. It is assured that a larger vote than that recorded at the last civic election will be polled.

All we can state at this time until the matter becomes official is that, despite all rumors to the contrary, the recall election will take place.

Associated Firemen Meet August 18

The Associated Firemen of San Mateo County will meet in regular monthly session in Daly City on Tuesday night, August 18. On next Friday and Saturday the state firemen's association will meet in Sacramento.

The majority of members of the Associated Firemen of San Mateo County are members of the state firemen's association. President Ross of the Associated Firemen will attend the convention of the state firemen's association in Sacramento.

Mr. W. R. Emerick will go as a representative of the South San Francisco firemen. On Thursday night Captain Rose of the San Francisco fire department addressed the local firemen on matters pertaining to the California State Firemen's association. The advisory committee of the Associated Firemen of San Mateo County met this week in South San Francisco. Practically every fire company in the county is a member of this growing organization.

SAN BRUNO ORDERS MORE FIRE HOSE

At the regular board of trustees' meeting on Wednesday night, on motion of Fire Commissioner Tracer, the board ordered five hundred feet more of two and one-half inch fire hose from the Eureka Hose company at \$1.15 per foot, owing to the fact that the price of hose and all rubber goods is advancing very materially.

The fire commissioners also recommended that the rate of compensation for the volunteer firemen be increased and have included \$500 in the estimates to take care of the premium. The entire budget recommended by the commissioners for the fire company for the year is set at \$3,125.

DEFINITELY DECIDED ON BOND ISSUE

Mayor McNellis on Thursday stated that the board has definitely decided to advocate a bond election for \$125,000 for some time in October. The needs for such a bond issue for civic improvements appears apparent to at least a majority of the board.

APERTURA DI SCUOLE

Lunedì il 24 Agosto, alle 9:00 a. m. la scuola sarà aperta. Vi saranno due classi di ricevimento. Tutti i fanciulli e fanciulle che saranno al età di sei anni prima del 24 Novembre, 1925, sono eleggibili per entrare il 24 Agosto. La Signorina Wilma Dowell sarà la maestra di ricevimento alla scuola primaria (Martin school), e tutti quelli che sono deboli e che risiedono al nord di Lux avenue dovranno arruolarsi con la Signorina Dowell.

La Signorina Elizabeth Laverene sarà la maestra di ricevimento alla scuola primaria in Grand avenue e sarà lieta di arruolare tutti coloro che avranno giunto l'età di sei anni prima del 24 Novembre.

Ogni nuovo principiante dovrà venire alla scuola il giorno d'apertura accompagnato da un genitore od un parente, e con il certificato di nascita.

Committee Discusses Civic Improvements

On Monday night a meeting of the executive committee of the citizens' committee on public improvements and the members of the board of trustees was held in the office of the chamber of commerce, city hall, and plans discussed for civic improvements as outlined at previous meetings held in the city hall.

The meeting was called to order by Mayor H. F. McNellis and the matter of the proposed improvements of the civic center and the three parks and the appropriation of \$25 by the board of trustees to defray the expense of cost, which would become the property of the city of South San Francisco, was discussed.

The rough plans of the above improvements were then outlined to Messrs. Hammerstrom and Schaffer and discussed in detail, after which the board of trustees agreed to appropriate the \$25 at its regular meeting and instructed the representatives of the West Coast Nursery company to prepare definite plans, specifications and estimates of cost in detail for the complete improvement of each park and the civic center, so that the trustees may determine from the costs the improvement of the financial ability of the city will permit.

It was stated to the engineers that it was the desire of the trustees to carry out the complete improvement of the civic center and the framework of the improvements of the three parks, including a baseball park on the 20-acre site and one on the Martin school site, and requested them, with this in view, to submit the plans, specifications and estimates, to suggest a program of improvements over a period of two or three years and cost of same, segregated as to periods, until improvements were entirely completed.

The matter of improvements of the city's fire department was then discussed and the following report of Engineer Bush of the board of fire underwriters was read:

"The following recommendations do not cover completely the deficiencies in the fire defense system, but those given are considered most important for immediate attention. It is recommended:

"1.—That a triple combination hose, chemical and fire engine of not less than 750 gallons per minute capacity be added to present equipment.

"2.—That an additional full paid man be added to the personnel of the department to provide two men on duty at all times.

"3.—That 500 feet of 2½-inch double jacketed cotton rubber-lined hose be added to present supply.

"4.—That municipal ordinances be adopted and enforced regarding storage and manufacture of explosives, matches and nitro-cellulose films, and that ordinances be passed governing garages, dry cleaning establishments, etc., as recommended by the national board of fire underwriters.

"Fire alarm boxes shall be so located that one will be within plain sight, or 300 feet, of every street intersection in the residential section and within 500 feet of every building in the mercantile district. There shall be a sufficient number of hydrants to provide one for each 100,000 square feet of area served by the distribution system.

"My only suggestion in regard to the firehouse is that sleeping quarters be provided for as many men as possible."

Fire Chief Truxa then stated that he had visited Chief Murphy of San Francisco on Monday, August 10, and inspected a bungalow type of fire house in the Sunset district. He also stated that a representative of the San Francisco fire department advised him to write to the Los Angeles fire chief, in whose district there were numerous fire houses of the type suitable for South San Francisco and stated that the Los Angeles department would gladly furnish its plans, specifications and costs gratis.

Fire Chief Truxa was instructed to write Los Angeles for the above information and he was also furnished a copy of Engineer Bush's report and instructed to obtain costs of these improvements and be prepared to submit details of costs of recommended improvements to the committee upon receipt of plans, specifications and costs of the firehouse.

Mr. Hammerstrom stated that the plans, specifications and estimates for

Sangerfest Will Be Interesting

San Francisco, Aug. 14.—San Francisco as a musical center will be forced upon national attention once again during August, when the Pacific Sangerbund, an organization embracing almost every German-American singing society in California, will give its second annual Sangerfest here August 14, 15 and 16 in the Exposition auditorium. Preparations have been completed for the reception and entertainment of thousands of visitors who will attend the Sangerfest.

Delegations will attend the festival from Seattle, Portland, Chicago, Des Moines, St. Louis, New Orleans, Denver, San Antonio and many other middle western cities. A mass chorus of eight hundred voices and a symphony orchestra of sixty-five pieces, directed by Frederick G. Schiller, will feature the festival. Julia Clausen and other nationally famed singers will participate. Consul-General Kurtz Ziegler, Germany's chief representative on the Pacific coast, will assist Colonel Theodore Gier, festival president, and Mayor Rolph in welcoming the Pacific Sangerbund's festival.

Increasing interest is greeting San Francisco musical festivals. Only a few months ago the Municipal festival drew many thousands of listeners nightly for a week.

Plans to Acquire Bay Shore Road

Further plans toward the acquiring of the right-of-way of the old Ocean Shore railroad for a new highway southward from San Francisco to Half Moon Bay and Pescadero were formulated Monday night at a large meeting of the Coastside Civic union in Pescadero.

The main purpose of the new road plan is to eliminate the steep and dangerous Pedro mountain grade from the coast road. This one factor alone would reduce the ordinary traveling time from San Francisco to Half Moon Bay by a half hour and would add greatly to the safety of the road.

A full report of the committee on the highway project was not obtainable at the meeting, due to the absence of R. Guy Smith and F. L. Lathrop, two of the members.

COLLEGE BOYS GREATLY PLEASED

Francis and George Martin, nephews of Mr. W. J. Martin, who arrived here recently from Omaha, Nebraska, where they are attending college, are greatly impressed with California. These two young gentlemen, while having traveled extensively, have never before had the pleasure of visiting the Golden State and to say that they are greatly impressed with California would be expressing it mildly.

They will be guests in this city for the next ten days and will then journey to the southern part of California where they depart for their home town, where owing to their studies, they are duty bound to return, much against their personal inclination in regards to seeing more of our glorious state.

MORE IMPROVEMENTS FOR SAN BRUNO

The street and sewer improvement bids for the Belle Air district in San Bruno were opened at the board of trustees' meeting on Wednesday night and it was found that the lowest bidder for the work was the Union Paving company, whose bids for the two jobs totaled \$106,587.50.

The board will award the contract at a special meeting on Wednesday next. At present another improvement job in the Fourth addition is under way by the Federal Paving company on a contract of over \$200,000.

Arranging for Float

The San Bruno Chamber of Commerce is getting matters in excellent shape for the float which will represent San Bruno in the big Diamond Jubilee parade in San Francisco next month. The Novelty theatre has co-operated and will stage three shows, the money derived going towards defraying the cost of this float.

Big Increase Is Recorded

The board of trustees met on Monday morning as a board of equalization and very gratifying facts were recorded. City Clerk and Assessor Dan McSweeney reported that he has found that the increase in assessable property by reason of building operations for the year totaled \$168,000. This would indicate that the increased valuation of buildings and improvements for the year was over half a million dollars. To date there is no contemplated suggestion to raise the assessment this year, according to the city clerk, but the matter rests entirely with the board. The assessed valuation of the city is \$4,619,920.

The board of trustees met on Monday morning as a board of equalization and very gratifying facts were recorded. City Clerk and Assessor Dan McSweeney reported that he has found that the increase in assessable property by reason of building operations for the year totaled \$168,000. To date there is no contemplated suggestion to raise the assessment this year, according to the city clerk, but the matter rests entirely with the board. The assessed valuation of the city is \$4,619,920.

Those present at the special executive meeting on Monday were: H. F. McNellis, E. A. Cunningham, Carl Blank, A. J. Eschebach, Hugh McCaffery, F. Hammerstrom, W. Schaffer of West Coast Nursery company; A. McSweeney, J. F. Davis, B. H. Truxa, I. H. Potter, Father James P. Moran, J. O. Snyder, P. R. Thompson.

OPENING OF SCHOOL

On Monday, August 24, at 9:00 o'clock school will open. There will be two receiving grades. All children who will be 6 years of age on or before November 24, 1925, are eligible to enter August 24.

Miss Wilma Dowell will be the receiving grade teacher at the Martin primary school and all children who live north of Lux avenue should enter with Miss Dowell.

Miss Elizabeth Laverene will be the receiving grade teacher at the Grand avenue school and will be glad to enter all others who will be 6 years of age on or before November 24.

Each new and beginning child should come to school on the opening day with a parent and a birth certificate.

Public Schools Open August 24

The public schools open in this city on Monday morning, August 24, and preparations are perfected to take care of the contemplated increase in attendance. It was thought that possibly the new Martin school addition of four rooms would be ready, but this, it is understood, is now doubtful.

There will be two receiving grades. All children who will be 6 years of age on or before November 24, 1925, are eligible to enter August 24.

Miss Wilma Dowell will be the receiving grade teacher at the Martin Primary school and all children who live north of Lux avenue should enter with Miss Dowell. Miss Elizabeth Laverene will be the receiving grade teacher at the Grand Avenue school and will be glad to enter all others who will be 6 years of age on or before November 24. Each new and beginning child should come to school on the opening day with a parent and a birth certificate.

Next week we will publish a list of teachers and other information pertaining to the local schools.

NEW ADVERTISING MAN FOR THE ENTERPRISE

The Enterprise has engaged the services of Horace M. Ivey as advertising solicitor and outside man generally, to look after the business end of this publication.

Mr. Ivey comes to The Enterprise from San Francisco, where for the past two and a half years he has been with the Western Newspaper Union as superintendent of their composing room and in charge of the readyprint department. He will later move his family to South San Francisco and become a part of this growing industrial center.

His years of experience in newspaper work, together with his knowledge of printing, will be of valuable assistance to Enterprise advertisers, who are invited to make full use of his services.

NEW CHURCH IS NEARING COMPLETION

The new church is nearing completion and is attracting attention because of its fine appearance. It will be one of the finest buildings in the city. The various contractors are busy putting on the finishing touches. The carpenters are just about through. The furnaces are in. The lighting fixtures are being placed and the tiling is going on the roof. Much of the painting has been finished and the seats are to be installed next week. The dedication of the edifice occurs Sunday, August 30. Bishop Burns, brilliant and eloquent with official, Dr. Warner, the district superintendent, will assist and besides there will be present a number of prominent church workers and dignitaries.

IMPORTANT EXAM ON SEPTEMBER 26

On September 26 there will be an examination on "The Constitution" at the intermediate school in Redwood City.

Ted Lyons Is Making Good

Photograph of Ted Lyons, youthful pitcher of the Chicago White Sox, who, sporting authorities declare, is to become one of the outstanding figures in the American league. He is the ideal build for a pitcher, being six feet tall and weighing 175 pounds. He is a right-hander with an easy delivery.

At a meeting of the county board of education held in the office of the county superintendent of schools in Redwood City on Tuesday, Mr. W. J. Savage, deputy superintendent of the Jefferson High school, was elected president of the county board of education.

Public Schools Open August 24

The public schools open in this city on Monday morning, August 24, and preparations are perfected to take care of the contemplated increase in attendance. It was thought that possibly the new Martin school addition of four rooms would be ready, but this, it is understood, is now doubtful.

There will be two receiving grades. All children who will be 6 years of age on or before November 24, 1925, are eligible to enter August 24.

Miss Wilma Dowell will be the receiving grade teacher at the Martin Primary school and all children who live north of Lux avenue should enter with Miss Dowell. Miss Elizabeth Laverene will be the receiving grade teacher at the Grand Avenue school and will be glad to enter all others who will be 6 years of age on or before November 24. Each new and beginning child should come to school on the opening day with a parent and a birth certificate.

Next week we will publish a list of teachers and other information pertaining to the local schools.

OPENING OF SCHOOLS SET FOR MONDAY

Schools of San Mateo, Burlingame and Hillsborough will open for the fall term next Monday morning, while those in several sections of the county are already open and the Sequoia Union High school and Redwood City elementary schools will open on August 24.

The San Mateo Union High school, Burlingame High school and San Mateo Junior college will all open on Monday under the direction of W. L. Glascock as supervising principal. San Mateo elementary schools will be under the direction of G. W. Hall; Burlingame under L. E. Adams, and the Hillsborough school under R. L. Crane, Jr.

MUCH INTEREST IN CHAMPIONSHIP DANCE

Great interest is being displayed throughout the entire peninsula in the big championship dance to be held in Fraternal hall, South San Francisco, on the evening of Saturday, August 22, under the auspices of the Crystal Social club of that city.

Joseph Kent, president, and John Signorelli, secretary, announce that two excellent silver trophies have been secured as awards to the winners of the fox trot and waltz championship dances.

ONE DOLLAR TAX RATE REMAINS

The one dollar tax rate for which Hillsborough has become famous will continue. This was determined Wednesday at the meeting of the board of trustees of the exclusive and affluent community, when the finance committee's report recommended the amount mentioned.

Hillsborough is one of the few communities in the state able to operate efficiently on a dollar tax rate, which is considered the record for municipal economy. The rate will be divided as follows: Bonds, 33, and general fund, 67.

WILL MEET TO DISCUSS FLOAT PLANS

A meeting of the manufacturers' association, the merchants' association and the chamber of commerce committees, met with city trustees in the Nugget cafe, Montgomery street, San Francisco, yesterday to discuss plans in connection with the float to be entered as representative of South San Francisco in the big Diamond Jubilee parade in San Francisco next month.

It is understood that certain alterations to the sketch and plans submitted will be taken up. Owing to The Enterprise going to press on Thursday we are unable to give details of this scheduled meeting. The city, it is understood, will defray a third of the cost of the float.

W. J. SAVAGE IS ELECTED PRESIDENT

At a meeting of the county board of education held in the office of the county superintendent of schools in Redwood City on Tuesday, Mr. W. J. Savage, deputy superintendent of the Jefferson High school, was elected president of the county board of education.

ANNOUNCEMENT

Dr. Irvine announces his return from Europe and the resuming of his office at the South San Francisco Hospital, also at 209 Post Street, San Francisco.

A BOND ISSUE CONSIDERED

As a general rule the taxpayers of a community are not very elated at the prospect of a bond election and consequently there is always a certain amount of hesitation on the part of civic officials in calling a bond election. We believe, however, that in connection with the proposed bond election in South San Francisco that there will be sufficient public spirited people to put the thing over.

South San Francisco needs better fire protection to keep pace with the splendid growth of the city. South San Francisco has a neat city hall and the nucleus for a splendid civic center. As this property stands today it is more or less of an eyesore. Money judiciously expended on the grounds will transform it into an asset instead of a liability. We need parks in South San Francisco, as well as a baseball diamond.

There is no way in which these things can be brought about except either through direct taxation or by a bond election. The general opinion seems to be that a bond election is the most desirable. We pride ourselves as citizens at the splendid progress the city has made through individual efforts and the expenditure of private capital.

It is our duty to take steps to record civic progress collectively, to keep pace with the progress made by individuals and corporations. A bond issue such as is suggested by the board of trustees looks rather large in the aggregate, but when apportioned among the taxpayers it becomes a sum which can be taken care of without any great hardship financially upon anyone.

In connection with improved fire fighting facilities, a great deal of the money expended will return in the way of reduced insurance rates.

In connection with the beautification of the civic center, the money will be returned many times over in the shape of civic advertising. In connection with up-to-date public parks, the benefits will come to the children directly and to the city as a whole by reason of making South San Francisco a better place to live in and consequently inducing more people to make their homes here.

The bond issue for these three important public improvements should carry by a big margin.

OUTSIDE PUBLICITY

The fact that the board of trustees recently voted the sum of \$200 for publicity in a high class San Francisco publication appears to have called forth adverse criticism in certain quarters in this city. This adverse comment, to say the least, is real childish and savors of "hick" town stuff. Designating such outside advertising as being of a questionable nature would appear to show that the party making the statement has a great deal to learn about publicity.

Chambers of commerce, industrial organizations, civic bodies and all real publicity agencies have long ago seen the great benefit of outside publicity for cities and towns, as attested to by the fact that collectively today the cities of the United States are spending millions of dollars annually in this class of publicity. They may not do this in Oshgosh Center, but South San Francisco has outgrown the small town stage.

If this \$200 worth of outside publicity brings but two families into this city or but one industry, it can be considered money well expended. We wish to commend the city fathers for voting this sum to an outside publication of merit.

THE RECALL

Rumors to the contrary, the recall in South San Francisco will be carried on. We do not consider it proper at this time, however, to make any further comment upon the situation and will refrain from doing so until the matter has become official. This official action will not be forthcoming until the petition is presented to the board of trustees. As stated in our last issue, when the proper time comes this publication will not be found straddling the fence.

The education of the dramatist should be that of life rather than of books. I cannot conceive of a real dramatist who has not known what it was to be broke and turned down by his girl at the same time. Such an experience is of far greater value than the most exhaustive study of the work of Euripides, though thoughtful consideration of the Greek dramas may be taken by one familiar with the teachings of life as a postgraduate course.

It is often said by those who favor dramas of the highest type that there is no reason why play-writing should not be classed with other professions and taught as effectively as are law and medicine.

But the practice of law rests on the solid foundation of the Constitution and that of medicine or surgery on the immutable laws which govern the human body, whereas the writing of dramas has no foundation save the ever-shifting quicksand of public taste.

Our Pet Peeve

'Twas In the Early Days

(From Enterprise of 1898-99)

Registered Vote First Township
The great register of San Mateo county, just printed, shows the following total of registered voters in First township: Colma precinct, 317; Baden precinct, 311; Millbrae precinct, 117; making a total of 745 names upon the great register of this township.

Captain Rehberg has broken ground for his new building, corner of Linden and Baden avenue.

Honest Jacob Neff, candidate for lieutenant-governor, was one of the first lot purchasers in our little town. Mr. Neff contemplates improving the same soon.

The ladies of our town have decided to give a ball on Saturday evening next for the benefit of the building fund of the proposed Catholic church at this place. General admission fifty cents.

Dan Daly, as a result of his bet on Maguire's election, will have to shave off his mustache and wear Fred Dezelio in a wheelbarrow from Jorgenson's to the corner of Grand and Maple avenue and return. The event will occur on Sunday, one week from tomorrow, at 10 a. m. sharp.

Paries desiring to be supplied with oysters fresh from the oyster beds will be accommodated by leaving orders at Tom Benner's Court saloon. The oyster wagon will be at the Court saloon twice to three times per week.

The building of the W. P. Fuller paint and oil works is fast approaching completion. Work has been discontinued at the Fuller works in San Francisco and the work of removing and putting in machinery at the new plant here is well under way.

The W. P. Fuller oil and paint manufacturing works was formally opened on Tuesday. Upon the starting of the engine all the machines were found to be working perfectly. The first article manufactured by the new plant was a lot of putty.

We have received this week from Miss Cecelia Hynding, principal of our public school, the roll of honor for this district for the past term and publish the same with pleasure. Our failure to receive the list earlier has not been due to any fault of Miss Hynding, but to accident.

ROLL OF HONOR OF SAN BRUNO SCHOOL DISTRICT

The following named pupils received places on the roll of honor because of excellence in scholarship, deportment and attendance: Nellie Collins, Hannah Cohen, George Smith, Fred Willin, Jesse Cohen, Frank Williams, Glenice Woodville, Wesley Todd, Eva Russi, Kenneth MacLennan, Mary Dervin, George Kauffmann and Orion Blanchard.

In addition to the above, the following named pupils deserve special mention because of excellence in scholarship and deportment: Nellie Dann, Lavina Jenevein, Leland Kofod, Marion Miner, Amelia Jenevein, Margaret Freyers and Jack Martin. Had these last named pupils been up to the required per cent in attendance, they would have been entitled to have received the roll of honor.

The importance of punctual and regular attendance cannot be too strongly impressed upon the minds of parents and pupils alike. A lost day in a school term is much like a missing link in a chain.

Amen to That!

In an imperfect world you must meet some fools. Pray that they may not be behind steering wheels.—Du-luth Herald.

LIFE'S LITTLE JESTS

WHY HE FAINTED

A young wife went into a grocer's shop and said: "I bought three or four hams here a month or so ago, and they were fine. Have you any more of them?"

"Yes, ma'am," replied the grocer; "there are ten of those hams hanging up there now."

"Well, if they're off the same pig I'll take three of them."—Tit-Bits.

His Last Hope

Benevolent Mrs. Smithers (who has discovered a youthful burglar in her dining room)—Young man, instead of sending you to jail I've decided to give you another chance.

Burglar—Thank yer, mum, thank yer. Only when yer do, mum, will yer see that them chairs ain't in the way?—Saratoga Herald.

She—I don't believe there was ever a man true to a woman.
He—How about Adam?

May Die of Joy

"If ignorance is bliss," said Black To White, "well, then, my boy, you'd better get your life insured; since you may die of joy."

Saving Trouble

"You are planting only onions and potatoes?"

"Yes, last year my wife got attached to a squash and wouldn't let us eat it. I'm planting only underground growers this spring."—Louisville Courier-Journal.

She Knew

Hub—Did you ask the new maid if she has had any experience with children?

Wife—Don't need to. I could tell by the way she glowered at 'em that she had.

Arithmetical

"Now, then, Archie, if I were to cut this apple into twenty equal parts, what would each piece be?"

"Please, sir, a shaving."—Melbourne Punch.

Needed

"Women have more faith than men." "They have to, if they are going to believe half what the men tell them."—The Western.

Achievement

Mrs. Knox—Did success come to your husband early in life?
Mrs. Rox—Yes; he was only twenty-one years old when he won me.

A Business Getter

A small boy called on the doctor one evening. "Say, doc, I guess I got measles," he said, "but I can keep it quiet."

The doctor looked up puzzled. "Aw, get wise, doc," suggested the small boy. "What'll you give me to go to school and scatter it among all the kids?"—Bottles.

HOW

PETROLEUM IS OBTAINED IN ITS NATIVE STATE.—The word petroleum is from two Latin words, petra, "a rock," and oleum, "oil." It includes all the naturally occurring hydrocarbons. Petroleum is obtained by drilling, which is often carried to a great depth. The drill is often followed by a metal tube so as to shut out water when passing through water stratum, and lower down the tube keeps the drilled shaft from being choked by sand. When oil is reached, it may flow spontaneously, being forced to the surface by the pressure of subterranean gas. If the oil does not flow spontaneously, it has to be pumped to the surface. It is sometimes possible to induce the flow of oil by stopping the escape of gas which issues along with the oil, so that the latter is raised by the pressure of the gas. At Baku, on the Caspian sea, compressed air is used for raising the oil.

When the well falls off in its yield, it is usual "to shock" it by the explosion of a special kind of torpedo to increase the flow. The torpedo is let down the well and exploded at the bottom of the shaft.

As it comes from the well, petroleum is a dark, muddy-looking liquid with a strong and unpleasant odor. The illuminating oil is obtained by distilling the petroleum, this process being followed by refining and bleaching. Over 200 different products are obtained from the refining.

The active growth of the petroleum industry in the United States began in 1859, although earlier in the century the petroleum of Lake Seneca, in the state of New York, was used as an embrocation under the name of "Seneca oil," and petroleum found in Kentucky in 1829 was largely sold under the name, "American Medical Oil."

How Lithography Has Been Steadily Improved

Printing from prepared stones has been known since 1796, when the art was invented by Senefelder. The stone employed is called a lithograph stone, and is a fine-grained limestone of a very porous nature.

Before the World war practically all lithographic stone came from Bavaria, as the variety quarried there is of the best quality and of the most practical color—a light gray.

These limestones absorb grease and water rapidly; therefore, if a line is drawn on a prepared stone with an ink containing grease, this line can be taken away only by removing the surface to the depth to which the grease has penetrated. If water is now placed on the stone, it will remain only on those parts not covered by the grease. When a roller carrying a greasy ink is passed over the stone the ink will cover only the greased portions, and the parts that are wet will not take up the ink. Therefore, a piece of paper pressed upon the stone will receive an impression in ink from the lines drawn only. On these principles depend lithography, the process being extremely valuable to the printer's art.—Washington Star.

The Enterprise speaks for itself. We do not have to "toot" our own horn.

Golden State

News of Interest to All

A score of vacationers fled through flames when fire of undetermined origin swept the historic Omar Villa resort at Guerneville.

Oakland's building permits total for June, \$2,766,419, is 12 per cent less than May record, 9 per cent greater than that of last June.

Tom Henry, for many years postmaster at Paso Robles, was killed following an accidental explosion of a gun which he was cleaning.

The Interstate Commerce Commission has approved the demand of the city of Los Angeles for a union passenger station on the Plaza site.

Governor Friend W. Richardson has announced the appointment of Charles D. Wallace and Stephen G. Long as municipal judges of Long Beach.

Fifty Indian students at Sherman institute at Riverside were a part of a force of fire fighters recruited to combat a brush fire in Bautista canyon.

A \$100,000 plant will be opened very shortly in South San Francisco by the Richfield Oil company of Los Angeles. Emory A. Troth, assistant district sales manager, announced.

Berkeley set a new high record for that city with \$1,265,175, in building permits issued during June, 109 per cent above the May figure, 122 per cent above that of last June.

The population of Los Angeles county soon will soar over the 2,000,000 mark, according to the annual report of County Superintendent of Schools Mark Keppel, to the board of supervisors.

Two new wells of Pacific Oil company, west of Lake Buena Vista, on sections 19 and 29, 31-24, were brought in with a total initial daily flow of 2,750 barrels of oil and approximately 2,000,000 cubic feet of gas, according to authentic reports.

Work of touching up the high school buildings at Oakdale to put them in readiness for the fall sessions is going ahead. This week the tin and shingle roof of the administration building is being repainted and re-coated with special paint.

The amount of gasoline on which the state of California will collect a gasoline tax for the quarter ending June 30 was sufficient to propel a fleet of one hundred automobiles a distance of 30,500,000 miles, or to carry the entire fleet 1,220 times around the world.

Edward Von Geldern of Yuba City has entered the race for the biggest White Astrachan apple and to date heads the list. He has turned over to Miss Edna Fisher secretary of the Sutter County Farm bureau, an apple from a tree in his garden that weighs 23½ ounces, or six ounces more than the mammoth specimen brought to the farm adviser's office by Mrs. J. C. Vivian of Nueces.

Dr. Charles Vincent Taylor of the University of California has been appointed associate professor of biology at Stanford, President Ray Lyman Wilbur announced. Another new member of the faculty is Victor H. Pels, formerly associate professor of business management at Tulane university. Beginning September 1, he will be a member of the Stanford graduate school of business staff.

Announcement has been made by the California highway commission of the award of a contract for widening the state highway between Sunland and La Canada, Los Angeles county; widening and thickening 13.1 miles of pavement between Oceanside and the northern boundary in San Diego county; grading and rock surfacing 8.6 miles, El Centro to Holtville, Imperial county; three bridges on the road into the California State Redwood park.

Breaking all previous records for expenditures during any one month, the veterans' welfare board purchased a total of forty-two homes in the San Francisco bay district for World war veterans during July at a cost approximating \$200,000. George Stout, executive member of the board, announced recently. Expenditures for the whole state for the month amounted to \$405,000. The board has purchased homes for 575 veterans in the bay district since it began operating.

California rehabilitated for industrial purposes 102 injured persons during the year ended June 30, according to the annual report of Ira W. Kibby, state supervisor of vocational rehabilitation, filed with the state board of control. Kibby's report shows that 88 per cent of the rehabilitants were placed in new positions, as compared to the average for other states engaged in this work of 67 per cent. While 27 per cent of those rehabilitated were unskilled laborers, it was necessary to place but 8 per cent in unskilled jobs.

Gas wells are being developed in heretofore water wells on the ranches around Camarillo and Oxnard, Ventura county, according to reports being received from owners. On the Juan Camarillo ranch a gas spouter is throwing the water twenty feet into the air. A match touched to the spouting well has sent up a flame one hundred feet high. On another ranch, owned by John Linnett, the gas spouted twenty feet and was so strong in the neighborhood of the well that people had to stand on the side of the well from which the wind was blowing.

Proposed Change in Auto Tax

Highway funds for the construction of \$20,000,000 worth of new roads in California are provided for in the first of the proposed initiative measures which has been drawn up for presentation to the voters in 1926. Half of the fund, or \$10,000,000, is to be taken out of the state's surpluses at once, and the remaining \$10,000,000 is to be raised over a 5-year period by means of a weight tax, according to the plan outlined in the initiative measure which is being sponsored by Assemblyman Robert B. McPherson of Vallejo, chairman of the ways and means committee of the lower house at the last legislative session.

Construction of the Shaver lake tunnel and conduit line, to connect Huntington lake reservoir in the high Sierras with Shaver lake, will commence this winter, it was announced by George C. Ward, vice-president of the Southern California Edison company. This phase of the company's Big Creek-San Joaquin river project will involve an expenditure of \$37,000,000 between now and 1930. Work previously authorized and now in progress will add \$5,000,000 to that figure. Engineers estimate that completion of the Shaver lake work will provide electric energy for a population of 6,500,000 in the ten counties of southern and central California, double the present population. The tunnel and conduit line will be five and a third miles. The dam at Shaver lake will impound 139,000 acre feet of water and provide an additional generating capacity of 180,000 horsepower.

An additional boiler is being installed and the engine house greatly enlarged at the Geraldine mine of the Silver King Reorganized Mining company, thirteen miles northeast of Sonoma. A large force is engaged in development and other work, which is being vigorously pushed. The 75-foot level in which two or three feet of ore assaying from \$500 to more than \$2,000 in gold per ton was recently opened, is being worked. Sinking is progressing in the incline shaft, which has reached a depth of nearly 125 feet, where a new level will be established. It is planned then to continue the shaft to 300 feet, with other levels at 200 and 300 feet. Erection of a 150-ton mill is contemplated when a large tonnage of ore is blocked out by this work, after which it is planned to resume sinking to 500 feet.

Feature events on the card of the California state fair horse show, to be held at Sacramento September 5 to 13, were announced by Secretary Charles W. Paine. The total amount of prizes will be in excess of \$15,000. Opening night will be featured by the Diamond Jubilee stake of \$1,000 for 3-gaited stallions. The 3-gaited class will have a stake of \$500. A stake of \$1,000 is offered for winners in the 5-gaited class and a similar amount for winners among the hunters and jumpers. The stock horse division will be featured by a stake of \$1,000. Two stakes of \$500 each are offered for the best single heavy harness horse and the best pair of heavy harness horses. The chamber of commerce is sponsoring a stake of \$500 for the harness pony class.

T. E. Cochran, secretary of Cotton Growers' association of Corcoran, in Kings county, estimates there are approximately 12,000 acres of cotton in the area tributary to Corcoran, and that the yield will be between 10,000 and 12,000 bales this season. One cotton gin has been enlarged and two new gins built for this year's crop. There is good prospect of a cotton seed oil mill being put up by local and outside capital.

A legacy of \$100,000 has been left to Mrs. Laurence T. Kett, 46 El Camino Real, Berkeley, by her late uncle, Finley Barrell of Lake Forest, Ill., according to the terms of the will disposing of a \$750,000 estate, which was

filed at Waukegan, Ill. Laura S. Morton of Pasadena, another niece of Barrell, is to receive \$25,000 from the estate.

With receipts of \$2,018,517.08 to meet disbursements of \$1,978,565.95, excluding a cash surplus of \$500,580.76, the county of Merced's annual income exceeded its yearly expenses by \$41,951.13, and its treasury now contains \$551,531.89, according to the annual report of Smith E. Acker, auditor, submitted to the county board of trustees.

Sutherland brothers, hunters of the North Coast, killed a large panther at Usal, Mendocino county, on the William Thomas ranch. The panther had been killing young lambs. The panther, a male, was eight feet in length. This is the seventh panther the Sutherlands have killed.

The board of public works of Los Angeles awarded a contract to prepare complete plans for the new \$4,500,000 city hall.

The Orpheum theater at Red Bluff, the largest show house in the city, was destroyed by fire. The loss is estimated at \$50,000.

Motor vehicle registrations in California during the first six months of 1925 totaled 1,341,989, a gain of 137,410 over the machines registered during the same period last year, according to a check completed by Will H. Marsh, chief of the state motor vehicle department.

Announcement has been made that the San Leandro National Bank will open September 1 with the following executive officials: President, W. J. Gannon; first vice-president, J. A. Dalziel; second vice-president, J. H. Beggin; and secretary-cashier, S. H. Martin.

His Accidental End

There are all sorts of ways of putting things, and some sound much better than others. For example, there is the case of the man of whom Lord Coleridge used to tell, whose father was hanged for highway robbery. Some one asked him how his father died. "Sir," said he "he fell from a scaffolding outside Newgate while he was talking to a clergyman."—Youth's Companion.

Spend Your Dollars With Your Neighbors

When you spend your dollars with your neighbors you are helping him and you are helping him to help you, but above all other things you are helping this, your town and community---the best town and community in the Golden State.

The dollars you spend at home---with your neighbors---are like bread cast upon the waters; it will return to you, greatly increased. Every dollar spent with South San Francisco merchants and business men is again spent and respent to the ultimate benefit of all.

By this method is built a bigger and better trading center and a foundation is laid down for your children and your children's children, which is a good cause and altogether worthy.

The Planet Mercury

Mercury is the smallest planet, and the nearest to the sun. Owing to its proximity to the sun it is difficult to see it with the naked eye. Its mean distance from the sun is 36,000,000 miles, while that of the earth is about 93,000,000 miles. Mercury completes a revolution of its orbit in 88 days; it is about 3,000 miles in diameter; and its mass is only about one-eightieth that of the earth.

RETAIL DEALERS' HEAD LAUDS NEWSPAPER ADS

Advertising is a vital necessity to all business and especially the retail trade and the greatest of advertising methods is in the newspapers. T. K. Kelley of Minneapolis asserted before the St. Louis convention of the American Retailers' association.

"The American people, and more especially the American housewives, who do the buying for the families, do the most of their shopping through the newspapers, and the local paper is the greatest aid known to the retail merchant and has too great an economic force to need recommendation," Mr. Kelley told the convention. The reason for this is obvious. Everyone is inclined to use that for which he pays; the newspapers go into the American homes because they are wanted there and are paid for and we will venture the assertion that no paper in existence would enjoy the popularity it receives if it was news alone which it carried.

Advertisements of local merchants are of as vital interest to the reader as the news of the day.

In the days of the horse and buggy the billboard and the telephone poles were popular, although a doubtful method of advertising. But rapid transit by autos has relegated those methods, except in the case of national advertising, where large sums of money are available for outdoor display.

Dodgers distributed from door to door have a doubtful appeal; so much of this is being done there is no personality to the dodger, and the average housewife is averse to having her yard littered.

But the newspaper is a different proposition. It is bought to be read and is like a welcome visitor, whose coming has been anticipated and is looked for with pleasant anticipation.

Fledgling in Business

A young business man always feels very efficient if he can use six blank forms to handle a 40-cent order.—Du-uth Herald.

THE HIRED MAN'S ROOM

By THOMAS ARKLE CLARK
Dean of Men, University of
Illinois.

UP IN the country where I was born and where I spent a few weeks last summer they were complaining not a little about the difficulty of securing competent and regular help on the farm. The hired men were a shiftless lot, they said, nomadic, drunken sometimes, unreliable and likely to leave a man in the lurch just when he was most needing help.

I was inclined to discount these statements as to the utter depravity and worthlessness of the hired man, for I had had some experiences of my own as a farm hand during the summer of my undergraduate course in college, and I have still vivid recollections of the hired man's room.

We washed our hands and faces in the pump in a tin basin or in the tub from which the horses drank and combed our hair, if this tonsorial service were performed at all, in front of a battered mirror hanging outside the kitchen door. There were no facilities for general bathing, save the creek a mile away or a bucket of water carried discreetly behind the corn crib after the shades of evening had gathered.

The room in which we dressed and slept was about eight or twelve feet in size, and was just under the leaky roof with side walls scarcely two feet high and one single, shadeless window looking toward the west. It was a hell-hole in the summer with the burning sun beating pitilessly upon it during the long afternoons and with no possible chance for ventilation; what it was in winter I can only imagine, for the walls were as thin as paper.

There was an old rickety, frowzy bed in one corner jammed up against the side wall as close as the slanting roof would permit. A broken-backed chair and a packing box in lieu of a table stood on the bare floor. There was an unsteady, greasy lamp on the improvised table, the chimney black with smoke and the burner choked with dead flies and other insects. A few nails were driven awkwardly into the wall, upon which we might hang our Sunday clothes. There was no dresser, no drawers or shelves of any kind. Such changes of clothing as we had we kept in our suitcases, which, when not in use, we kicked under the bed. I presume this room was sometimes cleaned, but not while I was there.

"Was you ever in the Waldorf-Astoria?" Oscar, my companion in toil, asked me one night in August as we lay sweltering and tossing on our hot mattress.

"I had a little look-in once," I replied, "when I was in New York."

"Is it anything like this?" he inquired.

I was forced to admit that the resemblance was only slight.

(©, 1925, Western Newspaper Union.)

DISCOVERY ROAD TO YOSEMITE

One of the most attractive of the routes into the Yosemite Valley is the "Discovery Road," by way of Madera.

This is not only historic, but scenic as well and is particularly interesting at this season of the year.

The road from San Francisco to Madera is in good shape with the exception of the two detours near Atwater. Leaving Madera, the first sixteen miles is a splendid gravel road. From the end of this stretch is a fair dirt road to Coarse Gold and Oakhurst. The road is a little rough and chunky, but very good time can be made over this, as the grades are very moderate. From Coarse Gold on the road is very scenic. This route passes through Fish Camp, which is one of the most attractive spots on the entire trip, and if time permits, a few days spent here would add much to the trip. Excellent hotel accommodations, cabins and attractive camping grounds are all to be found at Fish Camp. Fish Camp is located on Big Creek and nearby are Ranier Creek, Big Tree Creek, Grizzly Creek and several lakes, all of which afford excellent trout fishing. Fish Camp is open until November 1.

From Wawona into the valley the road is in unusually good condition. Inasmuch as traffic is permitted to leave the valley over this route only between 5 a. m. and 8 p. m., very few machines are encountered. Traffic is not allowed to pass the Alder Creek checking station until 4:45 p. m. daily. Machines are again checked through at the Inspiration Point checking station. Considerable construction work is under way between Inspiration and the floor of the valley, but this in no way interferes with traffic. The road is being widened and when completed will be sufficiently wide at all places for two machines to pass comfortably.

While the falls are beginning to diminish and the Merced River is lower than at the beginning of the season, the Valley is unusually beautiful and old timers say that Yosemite is more beautiful this year than for many years past. This also is expected to be a banner year in attendance. There were over 12,000 people in the Valley over the Fourth of July holiday. Both

Yosemite Lodge and Camp Curry have been filled to capacity and the campgrounds in the park have been crowded.

The Big Oak Flat road is also in unusually good condition and the heavy dust which ordinarily exists is being eliminated by sprinkling. A very heavy grade is encountered from the floor of the Valley to Gentry checking station and many of the turns are so sharp that a long car has to be backed to get around them, but the road is good. There is also a good steady climb from Gentry to Carl Inn where good accommodations and meals are available.

The next good stopping place is at Buck Meadows Inn, Buck Meadows. This is a good stopping place for traffic going either in or out of the Valley. The balance of the road to Jacksonville is in fine shape. Just outside of Priests is a 7-mile grade. This is one of the finest mountain roads in the state. An excellent gravel road is had from Jacksonville to four miles east of Knights Landing.

BUSINESS BRIEFS

Paid readers under this head will be charged for at 5c a line each issue.

The Grand Cafe is now under a new management; see their announcement.

South San Francisco public schools will open Monday, August 24.

The South City Cleaners are enlarging their quarters to care for increasing business; a new pressing machine especially adapted for ladies' fine goods will be installed.

Protecting Public Health

There is no doubt about the fact that the National Ice Cream Company goes, irrespective of cost, is little short of phenomenal.

Many years ago a high salaried professor of dairy industry from the University of California College of agriculture at Davis was secured to supervise the production of cream from 179 dairies located in the San Joaquin Valley—the National Ice Cream Company taking the entire output. Thus, each cow is actually doubly inspected and the highest quality of cream is assured, a thing which has never been done by any other ice cream company.

The exquisitely sanitary creamery, too, located in the midst of this vast dairying district, comes under the same thorough and exacting supervision, so that the highest standard of cream is attained—a standard which no other ice cream company has been able to equal.

The result is—the National Ice Cream Company holds a pre-eminent position in the ice cream industry today.

It is the only ice cream company which considers something beyond grim profit. It is the only ice cream company NOT privately owned, but is under the direct control of distributors, employees and hundreds of individuals, vitally interested.

The housewife can feel safe and take pride in serving

COLMA, LAWNDALE

By
MISS SYLVIA HAUBRICH

Lawndale Now Is On The Map

The following communication from the mayor of Lawndale is self-explanatory and needs no further comment from the leading newspaper of South San Francisco and district. We are pleased to include it in our news section and department embracing Lawndale:

It may be of interest to know that the Board of Trustees of Lawndale, passed an ordinance at last Monday's meeting, fixing the tax rate for the coming year at fifty cents (50c) on the hundred dollars assessed valuation. This being only one-half of the lowest tax rate of any incorporated city in the State (that of Hillsborough being \$1.00) and as far as we know in the United States.

Lawndale has more paved roads and beautiful drives than most any great city. It has more than a thousand acres devoted to lawns, shrubs and parkways. It has nearly a quarter of a million permanent residents. But only seventy-five voters. Furthermore, the trustees, together with the clerk of the board, our fine looking marshal and conservative treasurer, not forgetting the judge, are real, live ones. Keep your eyes on Lawndale, the Beauty Spot of America. But, drive slowly—as many of our permanent residents failed to heed this admonition.

Lawndale will soon have a hundred foot highway through its center. Let San Francisco come out to meet us, with a like hundred foot avenue. Property will never be any cheaper than now. And just as a suggestion to our neighbor, why not extend Market street (keeping its present width) and on a gradual slope up around Twin

Peaks following the Corbett road on through St. Francis Wood into the Spring Valley property, continuing down the peninsula by widening the Junipero Sierra boulevard to the same 125-foot width, on through Colma to join us. That would be the most direct route, for the majority of machines in San Francisco, down the peninsula, and would be the finest highway, out of a great city, in the world. Think it over and catch our slogan: "Make the Highways We Have Wider and Better." M. JENSEN, President of Board of Trustees.

Estrada's Spanish kitchen has opened on Mission road.

The schools in the Jefferson district opened last Monday.

Louise Merlo of Vale street spent Tuesday in San Francisco.

The drill team will hold a dance at the Colma auditorium August 15.

Mrs. Rena Mathias and Miss Alice are spending two weeks at Seabright.

Mrs. Frances Tunstall of Berkeley visited with friends here last Sunday.

Sylvia Haubrich is home from her week-end visit with friends at Capitola.

A benefit dance for the drill team of El Carmelo Parlor No. 181 will be given in Castle hall August 15.

Mr. and Mrs. Adolph Schenone and family of Pierce street spent the week-end at Capitola by the Sea.

Elisa Alger, who spent several days at the Haubrich summer home at Capitola, has returned to San Francisco.

Mrs. B. W. Haubrich entertained Mrs. Rena Mathias and daughter.

Alice, at a luncheon Tuesday of last week.

Miss Doris Gustafson was hostess at a luncheon given in honor of Miss Sylvia Haubrich. Mah jongg was the chief diversion.

The girls of the El Carmelo drill team are making excellent progress in their work. They meet to drill every Friday evening.

Meeting of the Colma community center minstrels will be held regularly hereafter and it is planned to present a big show in the near future.

Mrs. Ramirey and Miss Alma, who spent the past week at Sobre Los Olas, in Capitola, are at home, having returned Thursday of last week.

Teresa Stamparoni and Emily Oyhnacabal are home from Vancouver and other northern points visited during an enjoyable motor trip vacation.

A number of our people attended the game between the Merchants and the South San Francisco team last Sunday in which the latter triumphed by a score of 6 to 2.

The annual Vintage festival of the Holy Angels' parish will be held August 21 and 22. Many things are being prepared for the entertainment of those who attend.

The El Carmelo Parlor 181, Native Daughters of the Golden West, will hold a dance and whist party in Masonic hall, Daly City, every third Wednesday evening.

A handsome cedar chest will be offered at the Vintage festival by members of the Santana club. Ten per cent of the proceeds will be used for the Colma fire department.

A beautiful hope chest containing a complete outfit of linens, a beautiful crepe satin robe, boudoir set, etc., will be sold some time in October to purchase uniforms for the drill team of El Carmelo parlor.

The Enterprise speaks for itself. We do not have to "toot" our own horn.

"DAISY"

Poets and lovers know quite a bit about daisies. The simple little flower is the subject of song and the oracle in uncertain love affairs. The name of this flower is an appropriate one. Originally it was called the "day's eye" because of the frank, open way in which it turns its face to greet the morning sun.

Father Sage Says:

In the trial of a famous murderer it's interesting to note whether ye hev a "hung" jury or whether th' prisoner is hung.

DALY CITY

By BEULA O'ROURK

Mrs. A. Flegge of Brunswick street is sick.

Mrs. Jarvis of Vendome avenue is still quite ill.

Mrs. H. Berwick of 792 Niantic avenue has been ill.

Mr. and Mrs. N. Wegner of Crocker avenue motored to San Jose last Sunday.

Mr. and Mrs. J. Jensen of 498 Evergreen avenue left last week for Big Basin.

Mr. and Mrs. E. Pescaro of Mission street returned Sunday from their vacation.

Mrs. M. E. Walker, former resident of Vendome avenue, was a visitor in Daly City last Monday.

Mayor H. H. Smith of Los Banos avenue spent the week-end visiting relatives in St. Helena.

M. Vernengo, better known as "Charlie," of Crocker avenue has returned from his vacation at Jackson.

Alix Doskoris, employee of Peter's Own restaurant, is still on his vacation and is being missed by his many friends.

Company 4, Daly City fire department, will hold a barbeque at Stevens creek next Sunday for their friends and families.

Arnold Glendenning of Hillcrest drive and Edna Johnson and parents returned last Friday from a 5-day trip to Eel river.

The Ladies' Aid of the Grace Presbyterian church on Hanover street will hold a food sale in the guild hall next Saturday.

Frank Thomas and family of 131 Peoria street have sold their home to Mr. and Mrs. A. P. Allan, formerly of

Mission street.

Paul Williams of Colma left last Saturday for a motor trip to Oregon. He will be gone for two weeks.

Mr. and Mrs. W. Butman of 499 Evergreen avenue motored to Atherton Sunday and visited Mr. and Mrs. J. Meeks, formerly of this city.

Mrs. L. Ridell and daughters, Sybil and Dorothy, of Templeton avenue returned home last week after enjoying a month's vacation in Guerneville.

Mr. and Mrs. Taylor of Peoria street celebrated their twenty-sixth wedding anniversary last Saturday evening by entertaining their friends at their home.

Mr. and Mrs. W. Hesselien and son, Charles, of Evergreen avenue motored to Fairfax, Marin county, last Sunday, where they attended the Foresters' picnic at Fairfax park.

Last Monday the new Jefferson Union high school opened for the fall term with an enrollment of 153 pupils and of this number registered, seventy-nine were freshmen.

Many residents of this city heard John Deglinton's accordion orchestra last Monday at the opening of KPO's new broadcasting station. Mr. Deglinton is one of our residents.

Wednesday of last week the sewing circle of the Methodist Episcopal church met at the home of Mrs. Leonard Stotts. Plans were made for the annual bazaar in November. Refreshments were served.

Last Wednesday evening the St. Maximus Girls' club held a special meeting for the preparation of their first annual dance, that will be given in the Daly City auditorium September 19. Arrangements were also made for the fall festival that is to take place October 1, 2 and 3.

The installation of officers of El Carmelo Parlor 181, N. D. G. W., was held in the Masonic hall last Wednesday evening with District Deputy Rena Mathias as installing officer. Delightful refreshments were served during the evening and the hall was prettily decorated in red, yellow and green, the official jubilee colors.

Two local girls are in the list of grammar school teachers who took up their duties Monday in the local schools. They are Miss Edna Johnson of Hillcrest drive, who will have the fifth grade in the Crocker grammar school, and Miss Hester Blaylock of

G. BALDASSERONI

Evergreen avenue, who has charge of the second grade in the George Thornton school in Colma.

Charles Thompson of San Luis avenue was slightly injured last Saturday at Oakland when thrown from a truck. Charles is employed by one of the most prominent department stores in San Francisco as a delivery boy. The truck in which he was riding struck another machine and threw Charles through the windshield of the machine onto a lawn. He was immediately taken to the emergency hospital, but later was brought home.

The many friends of Mrs. J. Stewart of San Francisco will regret to hear of the death of her son, Robert Dean Stewart, who passed away last Sunday. Robert Dean had many admiring friends in this city, as he was practically raised by his grandparents, Mr. and Mrs. James Johnson of 48 Santa Barbara avenue. His death was the result of being hit on the head with a stone thrown by one of his playmates. He was buried Wednesday at Mt. Olivet cemetery.

AUTOMOBILE NEWS

County boards of supervisors are not compelled under the state motor vehicle laws to enter into a contract with the state division of motor vehicles for appointment of traffic officers. This is an opinion rendered recently by Attorney General U. S. Webb.

Cooling Off the Engine
It is often advisable, when the water in the radiator is boiling to drain it out and then refill. This will flush out sediment and cool the engine better. Run the engine while the radiator is being filled with cold water.

NEW FIRM TAKES OVER STAR AND FLINT AGENCY

Garbini & Nieri are the new agents for the Star and Flint cars and the accessory and repair business located at 116 Grand avenue.

Both members of the firm are local men and well known and popular and are in line for full consideration from the buying public. Mr. Garbini was formerly connected with the Skinner & Pearson Auto company of Mountain View as salesman. Mr. Nieri's latest previous business connection here was with the Edwards Wire Mills as foreman.

It seems an opportune time for this new firm to enter the field, when every indication points to something big in the auto sales game in the very near future; something which will put every sales force on its mettle. They are offering some splendid buys in used cars in this issue to clear their floors for new cars.

At the close of 1924 the capital invested in automobile manufacturing in the United States was \$1,691,050,112. The capital investment has increased by \$676,000,000 since 1919.

ORGANIZED MOTORISTS WILL HOLD ANNUAL MEETING OCTOBER 17

The accomplishments of organized motordom of northern and central California during the fiscal year which ends September 30, will be reviewed on October 17, when the California State Automobile association will hold its annual meeting in the Palace hotel in San Francisco.

Notices calling the meeting will be mailed to the 57,000 members of the association during the coming week. The annual report of the association's activities for the past year will be made by President W. T. Sesnon and an election held to elect seven members to the board of twenty-one directors.

According to a forecast made by D. E. Watkins, secretary and general manager, this year's annual report will show that the current year has been one of the most successful in the history of the organization, both from the standpoint of membership increase and service to the motoring public.

STATE LAW PUTS CURB ON THIEVES, JOYRIDERS

The joyrider and the automobile thief have both come to grief through the enactment of laws for the certification of automobile titles. Twenty-two states, according to the insurance department of the Chamber of Commerce of the United States, have enacted such statutes, seven of them this year, and more states are considering legislation of this character.

Estimates of automobile thefts vary, running from \$100,000,000 to \$150,000,000 annually, in the aggregate. Certification laws have had the effect of checking them perceptibly by making it difficult for the thief to dispose of them, not being able to give title. Insurance companies have agreed to reduce their rates against theft 10 per cent in the states where statutes are enacted.

The curb intended for thieves has also placed a check upon the joyrider, as the latter often takes some one else's car when indulging in this diversion.

It is generally admitted that the maximum benefit will not be obtained from certification until it has been adopted in all the states. When this comes to pass the thief will not be able to dispose of the stolen cars without forging a certificate of title.

APPLICANTS MUST STAND MOTOR DEPARTMENT TEST

If you are an applicant for an automobile license or chauffeur's license here are the ten rules given peace officers in California for your examination as required under a law passed by the last legislature. The list is laid down by the state motor vehicle department:

Let applicant start car. See how he shifts gears.

Let him drive short distances and stop. Note signal he gives.

Have him back car into curb.

Have him start car and get away from curb.

Have him make left and right turn. Note hand signal.

See if he can read road signals.

See if he has any physical defects and note if they affect his carefulness while driving.

See if he is cautious and careful at all times.

Ask him if he is familiar with headlight requirements.

NEW GAS ENGINE STORY DENIED BY CHEMISTS

Stories of the development of a new gasoline engine which would revolutionize the automotive industry and the production of a new fuel which would similarly affect motor power, published in many state newspapers as announcements from the American Chemical society convention at Los Angeles, were denied at the society's headquarters.

In connection with the purported announcement, the statements were credited in one publication to "Dr. T. A. Boyd of the General Motors' research department," and were accepted in good faith until investigation developed that there was no such person attending the convention and that no announcements such as those credited to him had been made at the society's sessions.

Use Richer Mixture in Mountains

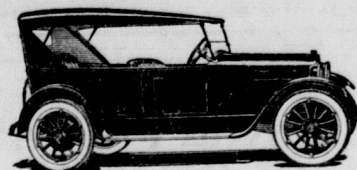

For driving in the higher altitudes the gasoline mixture should be richer than that used in the lower country. Either change the high speed adjustment or pull the choke out a little. Remember, however, that too rich a mixture as well as too thin a one will cause the engine to overheat.

Oil the Radiator Bar-Lock

If your car is equipped with a bar-lock on the radiator you should oil it at regular intervals, especially after the water in the radiator has been boiling. This will prevent its sticking or rusting. Some types of bar-locks have a small oil hole that can be seen by lifting the upper half of the lock.

Fred Lautze of the local Ford agency is a man of action and acumen; in other words a go-getter, a fact fully attested to by the record of sales of his agency in July, when thirty-six cars, new and used, were sold, out of which twenty-six were delivered. The Enterprise challenges any Ford agency in the state to produce a report to compare with this, all other things being equal.

America Greet New Nash Models with Record-Breaking Crowds

By the hundreds of thousands American men and women have thronged Nash showrooms from one end of the country to the other since Announcement Day, Thursday, July 23.

And the nation-wide enthusiasm these new Special Six and Advanced Six models have already created has launched Nash on a new year bound to eclipse by far the phenomenal success of the past twelve months.

Attendance has been so heavy that hundreds have been prevented from adequate inspection of the new models so we are extending the Special Introductory Exhibition for a period of two weeks more.

QUALITY AT LOW COST

South San Francisco Trims Merchants' Ball Team 6 to 2

By Ojay Entkay

In one of the most exciting games of the season, Steve Fischer's South San Francisco "Big Spuds" handed the South San Francisco Merchants a neat trimming to the tune of 6 to 2 on the San Bruno grounds last Sunday.

It is really tough luck when a city the size of South San Francisco, that has two Class A, scrappy and peppery ball teams, must go out of town to play because said city has not a ball diamond.

Tough luck is right. That game in San Bruno Sunday was a game worth watching, full of pep and action, both teams fighting hard at all times.

Led by Manager Ed Ringue, the Merchants appeared on the field with a brand new team, strengthened to the extent of nine new players. And it made a sweet ball team, with "Lefty" Browner, alias Silva, doing the twirling. But with all its class it failed to stop Fischer's "Big Spuds." Farr hurled his usual brand of ball. Several times he found himself in a hole, but would tighten up and pitch himself out. Farr ranks head over heels above most of the twirlers playing in faster company.

"Crip" Wallace looked like a million dollars on the field Sunday. He made hard chances look easy and had the grace and style of a big leaguer.

He also slammed out a double and a single for his day's work with the willow.

After last Sunday's game Steve Fischer has been kept busy receiving congratulations upon having the best team to represent South San Francisco in the past ten years.

DIAMOND DUST

By J. B. K.

A good attendance, both from South San Francisco and San Bruno, witnessed the game.

H. A. Cavassa and Trustee Al Eschbach were among the crowd. Let's hope they will help arrange to get a ball ground in our own city.

George Haller, the husky third baseman of the South San Francisco team, is a mighty sweet baseball player. He handles himself nicely at the difficult station and gets everything that comes his way. He also wields a mean bat.

"Shanks" Murray is rapidly becoming a classy first baseman. Sunday he handled fourteen chances without a boot.

Gus Figueredo was the outstanding star for the Merchants. He gathered a double and two singles in four trips to the plate and looked mighty nice in the outfield.

Next Sunday "Jazz" Welte will do the heaving, as Farr will not be able to be on hand.

Summary:

Two-base hits—Figueredo, Haller, Wallace, Farr. Stolen bases—Haller, Tuesdale, Welte, Rodgers, Parham, Farr. Sacrifice hit—Parham. Double plays—Elbling to Lister to Taylor.

Bases on Balls—Off Browner, 2; off Farr, 1. Struck Out—By Browner, 7; by Parham, 1; by Farr, 6. Time of game, 2 hours. Umpires—Storek and Madaras.

Taylor, first baseman for the Merchants, is another classy looking player. He plays the bag in neat fashion and puts plenty of pep in the plays.

Some of the local notables at the game were George Roll, Sam Zucco, Pete Basso, Melbie Cohen, Bruno Raffalli, Leo Murray and "Slim" Quinlan.

Johnny Fischer, roller at the steel mill at Pittsburg, drove down to see his brother's team in action. He drove back well satisfied.

Brown university of Providence, R. I., wants the 1926 New England track and field championships.

Roanoke (Va.) college football squad will gather at Virginia Mineral springs in Craig county, September 1.

The Long Island Stadium, on Long Island, N. Y., having a seating capacity of over 25,000, has been leased for 15 years.

Chief Bender Aids Eddie Collins

The strategy board of the Chicago White Sox, the American league entry. Left to right: Eddie Collins, manager, and "Chief" Charles A. Bender, newly appointed coach. The chief, a former star pitcher with the 1910 championship Philadelphia Athletics, with Manager Collins, an old teammate, now compose the team-directing staff.

Diamond Notes

Boston has 300 diamonds for amateur baseball.

The Cincinnati pitching staff is going along at a fine rate.

St. Petersburg won the first half pennant in the Florida league.

The attendance at the Yankee games this year has fallen off nearly 40 per cent.

In 1864 the Atlantics of Brooklyn won the baseball championship, going through the season without a defeat.

J. L. Davenport, left-hand pitcher with the Chicago White Sox, was purchased by Minneapolis.

Tony Faeth, pitcher, was released unconditionally by the St. Paul club of the American association.

Philadelphia fans had been away from the ball park so long they had to learn the rules all over again this spring.

The sale of Pitcher Win Ballou, of the Chattanooga team to the Washington Americans for fall delivery, is announced.

John Williams, Indian southpaw pitcher, has joined Scranton, being transferred there by Bridgeport of the Eastern league.

Add droll spectacles: The 238-pound grandstand athlete bawling "Flatfoot!" at a home team player caught off first.

Something's wrong: Whenever Everett Scott becomes too old and infirm for a defunct ball club he is sold to a pennant contender.

"In baseball," says a New York editorial writer, "when you knock a ball over the fence you are out." Mr. Ruth has been getting away with murder.

Few of us have ever seen legs large enough to fill a pair of these balloon trousers, unless they belonged to Charley Hickman, the old-time ball player.

Elwood Wirts, catcher with Minneapolis of the American association, was traded to San Antonio of the Texas league, for George Brovold, an infielder.

John (Snipe) Conley, manager of Dallas, in order to keep his team within the player-limit has benched himself as a pitcher. That may mean that he is through as a pitcher.

Harry McCurdy, Houston catcher, is being pointed out as the only real thing in the 1925 crop of backstoppers in the league. The former St. Louis Cardinal certainly has been hitting the ball hard.

Rogers Hornsby is a 10-to-1 shot to lead the National league in batting this season and, if he keeps up his terrific hitting, he may even break the league record of .438 made by Hugh Duffy of the old Boston in 1894.

Hugh McQuillan Big Help

Pitcher Hugh McQuillan has been a big help to Manager McGraw in keeping the Giants at the top in the race for the pennant in the National league.

Sport Notes

The United States Golf association is 31 years old.

A race track for greyhounds is to be erected in New Orleans, La.

Taking the world over, more people play billiards than any other game.

Harvard lost 37 star athletes by graduation, 9 being football players.

A club has been organized to conduct greyhound racing in New Orleans.

In the great English Derby of 1884 St. Gatien and Harvester ran a dead heat.

The first tournament for the British open golf championship was held in the year 1860.

Colorado Aggies will visit the University of Hawaii for a football game during the Christmas holidays.

Ohio State stadium will be the scene of the big track and field meet of New York Central employees on September 23.

Raymond W. Pond, better known as "Ducky," will direct athletics at the Hotchkiss school, Lakeville, Conn., beginning in the fall.

Morris Kaplin is the real name of Red Chapman, the Boston boy who has laid claim to the featherweight title since defeating Johnny Dundee.

LEGAL

Under and by virtue of an execution issued out of the Justice's Court of First Township, County of San Mateo, State of California, in an action wherein Mrs. Pauline Moessner was plaintiff and Paul Nass was defendant, upon a judgment rendered on the 3rd day of June, 1925, in favor of said plaintiff, and against said defendant, for the sum of Two Hundred and Fifty Dollars (\$250.00), lawful money of the United States of America, with interest and costs, I have this day levied upon all the right, title, claim and interest of said defendant in and to the following described real property, to-wit:

All those certain lots, pieces or parcels of land situated, being and being in the City of South San Francisco, County of San Mateo, State of California, and particularly described as follows, to-wit:

The westerly thirty-five (35) feet of lot numbered thirteen (13), having a frontage of thirty-three (33) feet upon Grand Avenue, and the easterly five (5) feet of lot numbered fourteen (14), having a frontage of five (5) feet upon Grand Avenue, in block numbered eighty-four (84), as shown upon that certain map entitled "South San Francisco, San Mateo Co., Cal. Plat No. 1," which map was filed in the office of the County Recorder of the County of San Mateo, California, March 1st, 1892, and recorded in Map Book No. 2 at page 52.

Notice is hereby given that I will, on the 1st day of September, 1925, at ten o'clock a. m., sell said day, at the front entrance of the City Hall of the City of South San Francisco, in said County of San Mateo, to the highest bidder, for lawful money of the United States of America, all the right, title, claim and interest of said defendant in and to the above described property, or so much thereof as may be necessary to satisfy said judgment, with interest and costs, and accruing costs, to the highest bidder.

Dated this 4th day of August, 1925.

W. D. KNOLES, Constable of First Township, County of San Mateo, State of California.

NOTICE OF SALE OF PERSONAL PROPERTY TO SATISFY LIEN FOR SERVICES RENDERED, THE IMPROVEMENT, PROTECTION, SAFEGUARDING AND REPAIR THEREOF.

The undersigned, W. D. KNOLES, garage keeper of San Bruno, California, hereby gives notice that pursuant to sections 3051, 3051A and 3052 of the Civil Code of the State of California, relating to garage keepers' liens, he will on Monday, the 17th day of August, 1925, at the City Hall Garage, on the State Highway, in the City of San Bruno, County of San Mateo, State of California, sell and cause to be sold that certain Studebaker touring automobile bearing engine numbered 25506 and serial number 324533, 1924 model, (Leaded) owned by owner Jules Ruelan, 2124 Mason Street, San Francisco, California.)

Said sale will be at public auction and to the highest bidder for cash and is to satisfy that certain lien held by the undersigned for services rendered by him in connection with the improvement, repair, safeguarding and protection of said automobile to the extent and reasonableness of one hundred and forty (\$140) dollars and for the costs of sale thereof.

Dated: San Bruno, California, July 31, 1925.

W. D. KNOLES.

CERTIFICATE OF BUSINESS—FICTITIOUS NAME

KNOW ALL MEN BY THESE PRESENTS that the undersigned transacts a furniture, wedding, Carpets, Linoleum, Stoves and Ranges business at 349 Grand Avenue, South San Francisco, San Mateo County, California, as partners under the name of South San Francisco Furniture Company, that the names and residence addresses of the persons interested as partners in said business are as follows, to-wit: J. H. Bean, 349 Grand Avenue, South San Francisco, California, P. C. Thomas, 252 Grand Avenue, South San Francisco, California.

Francisco, California.

FELIX AND C. THOMAS.

JAMES H. BEAN

State of California.

City and County of San Mateo, ss.

On this 11th day of July, 1925, before me, F. A. Cunningham, a notary public in and for the City and County of San Mateo, personally appeared James H. Bean and Fernand C. Thomas, known to me to be the same persons whose names are subscribed to the within instrument, as a witness thereto, who being by me duly sworn, depose and said that they are residents of the City of South San Francisco, County of San Mateo, California, and that they were personally present and saw J. H. Bean and F. C. Thomas (personally known to each to be the persons described in and who executed the within instrument) sign and requested him to subscribe his name as a witness thereto.

Witness my hand and official seal this day and year first in this certificate written.

F. A. CUNNINGHAM.

Notary Public in and for the City and County of San Mateo, State of California.

A-13

CHICO, CALIFORNI

PROPER adjustment of the burners on your range, or other appliances, will result in material economies.

For best efficiency the tip of the flame on your gas range should just touch the bottom of the utensil, while in the Gas Water Heater the flame should touch the bottom ring of the coil.

Your Gas flame should consist of sharp and distinct blue cones with purple edges. Yellow or white flames are wasteful because they indicate improper combustion and consequent loss of heat.

This can be remedied by turning the air shutter on the mixing tube, until the blue flame is established.

Your Gas Burners should light easily, turn off quietly and should not pop. If there is a popping noise, too much air is being admitted and the air shutters should be moved to reduce the opening.

A service man will be sent to adjust burners at your request.

Charles Hein of Pittsburg was confined to his home several days last week due to the muscles in his back being badly sprained.

H. A. Weller and mother, Mrs. Mary Weller, left the first of the month for a three weeks' trip to Oregon, where they will visit relatives.

Elmer Vaccari spent Wednesday in San Jose as the guest of his aunt, Mrs. O. V. Lewis, and returned to this city early Thursday morning.

Mr. and Mrs. I. M. Dotson, son Gene and Philip Nolan returned Wednesday from Yosemite national park, where they spent the past week.

Mrs. J. E. Sullivan has as her guest for several weeks her sister, Mrs. J. L. Berry of Yreka, who is deputy treasurer of Siskiyou county.

Misses Helen and Marguerite Carmody were the guests Saturday at a luncheon and bridge given by Miss Beatrice Mathison of Berkeley.

Attilio Guglielmetti and Mr. Ozzello left Sunday morning by motor for Los Angeles and Mexico, where they will spend the next two weeks.

Elmer Vaccari spent Tuesday afternoon visiting at the University of California and spent the evening with his aunt, Mrs. H. Weber of Berkeley.

Richard Harris and Robert Wheeler, who have been visiting at the home of Mr. and Mrs. Gunnar Bostrom, left Monday morning for their home in Taft.

Mrs. E. C. Peck entertained the ladies and friends of the Methodist church at a social afternoon at her home on Eucalyptus avenue on Thursday.

Mrs. Andrew Hynding and Eleanor, Mrs. A. P. Scott and son, Gordon, motored to Santa Clara on Saturday, where they spent the day with relatives.

Mrs. J. Carmody had as her guests over the week-end her sister, Mrs. T. Sullivan, and daughter, Marguerite, and Mrs. Richard Connelly of San Francisco.

W. J. Martin's nephews, Francis and George Martin, of Omaha, Nebraska, arrived in this city Monday afternoon and will spend the next week or ten days here.

Mr. and Mrs. B. Ottoboni of Lawndale entertained their cousins, Mr. and Mrs. Fred Barbagellata of Portland, Oregon, who were here on their honeymoon.

Mr. and Mrs. Ira Potter and children and Miss Dorothy Hein, who has been visiting at the Potter home for the past week, motored to Pittsburg on Sunday.

Mrs. J. Grandi and Mrs. R. Fakkema celebrated Mrs. Grandi's birthday on Saturday by attending the musical comedy, "No! No! Nanette" at the Curran theater.

A. L. Dorn, connected with the Service garage, motored to Hollister Sunday and returned with his wife and children, who have been spending the summer there.

Mr. and Mrs. William Coffinberry, daughter, Nell, and Mrs. Elizabeth Coffinberry were guests at dinner of Mr. and Mrs. Earl Whitehead of Redwood City Sunday.

Mrs. W. L. Cooley of San Francisco, formerly of this city, accompanied by Mrs. Williams and her niece, Louise, spent several days the first of the week in Palo Alto.

Mr. and Mrs. Paul Blank and Paul, jr., of Pittsburg were visiting friends in this city Sunday. Paul, junior, remained in this city at the home of Mr. and Mrs. Carl Blank.

Miss Sylvia Dook departed Thursday evening for Stockton, where she will visit friends, and will leave Saturday for Auburn to attend the wedding of Miss Margaret Kempus.

Mrs. E. C. Peck, son Jack, Mrs. George Reid, son Hugh and mother, Mrs. Morton, spent the week-end in Watsonville as the guests of Mrs. Peck's sister, Mrs. Sornborger.

Mr. and Mrs. F. A. Cunningham had as their guests for dinner Wednesday evening Mr. and Mrs. J. O. Snyder, Mr. and Mrs. E. P. Kaufman, Mrs. Frank Whittemore and J. W. Coleberd.

Mr. and Mrs. Fred Lautze and Elizabeth and Fred motored to Mayfield Sunday and brought home the twins, Robert and Richard, who have been visiting their aunt, Mrs. Schwerin.

Mr. and Mrs. A. Chelini and family returned by way of Monte Rio several days ago from a month's auto trip to Lake Almanor, Klamath Falls, Yosemite national park and other points of interest.

Mr. and Mrs. A. K. Hickman, son Ralph, and daughter Jean Eva, left Friday for their home in Garrett, Indiana. Mrs. Hickman and family have been the guests of Mr. and Mrs. W. H. Coffinberry for the past six weeks.

Mr. and Mrs. T. F. Hanlon and son, John, returned Friday from a vacation in the southern part of the state and at Tijuana. Mr. Hanlon visited his brother, John Hanlon, at Los Angeles, also Mrs. Hanlon's sister, Mrs. T. M. Hampe, at Huntington Park.

Mr. and Mrs. Edward White of Sharon, Pennsylvania, arrived here Saturday evening to visit Mr. and Mrs. T. Hanlon, leaving Monday evening on the Sunset Limited for Los Angeles, where they will visit their son, Vancil, who is employed by the Goodyear Rubber company. They will also visit other points of interest before returning to their home in Pennsylvania.

The infant daughter of Mr. and Mrs. A. Pianca of 12 Parkway was christened Eleanor at All Souls church Sunday. Mrs. J. Massaro of Burlingame was godmother. Mr. and Mrs. Varni and daughter, Josephine, of San Bruno, S. Pianca and Joe Angelo were dinner guests of Mr. and Mrs. Pianca and in the evening many friends gathered at the house, where dancing was held and later refreshments were served.

Several members of the local order of Eastern Star attended the Associated Matrons' night at Beulah Chapter in San Francisco Monday night. Among them were: Mr. and Mrs. Waldo Waelte, Mr. and Mrs. J. G. Walker, Mrs. Bertha Knoth, Mrs. H. A. Cavassa, Mr. and Mrs. W. C. Schneider, Misses Jule Jenevein, Isabelle Beaton, Juanita, Dorothy Dixon, Mrs. J. H. Holbrook, Mrs. Marguerite Selby, Miss Bernice Holbrook, Miss Eleanor Hynding, Mrs. Rutherdale, Mrs. Blanche Enderlin, Dr. J. O. McMills, Mrs. Thomas and Paul Ledwith.

Entertains in Honor of Daughter
Mrs. J. Hill of 567 Grand avenue entertained on Saturday afternoon in honor of her daughter Loraine's fifth birthday. Seventeen little guests were invited. Games were played, favors passed and later refreshments were served. Those present were: Mary Robinson, Virginia and Marjorie Nute, Bernice Van Valer, Susie, Agnes and Peggy Raff, Loraine Hill, Alice Joyce Gravens, Juanita, Adele and Evelyn Brown, Virginia Hill, Millicent and Harriet Brown, Katherine Diefenbach and James Nute.

St. Paul's Community Church
Rev. Asa P. Beall, Minister

The pastor will preach at both services next Sunday. His subject at 11 a. m. will be, "Friendship With God." His subject at 7:45 p. m. will be, "Glanthood."

There will be special music by our choir, under the leadership of Mr. Hargrave. The Bible school convenes at 6:45 p. m. There are classes for all and a good corps of teachers. The young people will rally in Epworth League at 6:45 p. m. They are studying some fine Bible characters and are having interesting sessions. Subject for Sunday night, "Stephen, the First Christian Martyr." The public is invited to worship with us.

Of Wartime Origin
The term "Anzac," as applied to the colonial soldiers of Great Britain during the World war, is formed from the initial letters of the words "Australian and New Zealand Army Corps." The phrase was used by General Birdwood in a telegram dispatched from the Gallipoli peninsula. Some have sought to interpret it as being composed of the initial letters of the British colonies—Australia, New Zealand, Africa and Canada.

Will Make the Flight to Hawaii

Lieut. Commander James H. Strong has been selected as one of the navy officers who will fly from the Pacific coast to Hawaii in the fall. He entered aviation in 1920, was an inspector at various aircraft factories, and then served with the aircraft squadrons of the battle fleet. Below is one of the new planes built for the flight being tested above the waters of Lake Washington at Seattle.

Europe's Highest Point

The Highest point in Europe is Mount El Bruz, in the Caucasus, having an elevation of 18,465 feet. Some authorities do not include this mountain within Europe and give Mount Blanc, 15,781 feet, as the highest point.

Engagement Ring Is Gift

Louis Peterson applied at a San Francisco police court for a warrant for the arrest of a former fiancée who would not return her engagement ring. The magistrate denied the request on the ground that an engagement ring is a gift and not a trust.

SCENES like the above can be found in all large cities and in a relative degree in smaller communities. The facts are not overdrawn, each one tells a story of misspent earnings—a lack of consistent savings effort to provide funds for periods of unemployment and old age.

Thrift is commendable as much for the habit of avoiding waste as for the wealth accumulated. There is every reason for saving a part of what is earned.

Protection for Big Game

Sleeping sickness and malarial fever will perpetuate big game in Africa; the realization has been forced on hunters that they cannot defy microbes when they invade the haunts of the big mammals.

Too Pessimistic

"I suppose," he ventured, "you would never speak to me again if I were to kiss you?" "Oh, George!" she exclaimed, "why don't you get out of the habit of always looking on the dark side of things?"

We Have Them

Now on display at our store at 349 Grand Avenue, those wonderful combination, lid-top, gas, coal and wood

OCCIDENTAL STOVES
at
\$79.50

No other stove on the market today can stand comparison with the OCCIDENTAL. Its many conveniences make it a joy to the housewife. "Two burners do the work of four" and save fuel.

The Way to Beautiful Homes

Let him SPLASH!

What other inducement has a bath for the small boy except the chance it affords for bath tub swimming? But unless bathroom walls are waterproof, Mother is certain to stop the splashing and the fun. No need to scold the youngster, when both walls and woodwork are made washable and splash-proof with SATIN EGG SHELL FINISH.

For kitchens, breakfast nooks and all rooms where a sanitary surface is desired, use Satin Egg Shell. Fingerprints, grease and discolorations from the steam of cooking can be washed off easily with a damp cloth.

The many light tints offered in Satin Egg Shell Finish permit innumerable pleasing color schemes. A color card will give you ideas, and you will find complete instructions for painting on each can.

You can now paint your property and pay on the *Bass-Hueter Monthly Payment Plan*. Call and let us explain this plan to you.
